Skills

JavaScript, React, Redux, HTML, CSS, SASS, Ruby, Ruby on Rails, Mongoose, MongoDB, Node.js, Express.js, SQL, SQLite3, PostgreSQL, Webpack, jQuery, Jest, Heroku, Git, d3.js

Projects

Cleverbreak (HTML5, CSS3, JavaScript, React / Redux, Rails, PostgreSQL, Webpack, Heroku) [live site](#) | [github](#)

Pixel-perfect clone of splitwise bill tracking website

- Developed App which allows new user registration, bill drafting, transaction tracking, friending other users, and commenting in a React/Rails framework
- Applied React local state to toggle display child components representing dashboard, transactions, and expenses for the current user
- Used Figaro, ActionMailer, and Gmail Account to send email notifications to newly registered users to confirm registration to the Cleverbreak platform

LessTravelled (JavaScript, React / Redux, Express, MongoDB, Node.js, SCSS, Heroku)

[live site](#) | [github](#)

Web application tracking user submitted roadside attractions

- Acted as lead Front-end Developer by managing application of Javascript, HTML, and SCSS to the project as and coordinating front-end tasks to teammates
- Spearheaded research and successful implementation of the google map api to track locations of roadside attractions
- Applied SCSS to standardize color schemes and design of the app to imitate a roadtrip color scheme

GalaxyEye (JavaScript, Node.js, HTML5, CSS3, d3, Webpack)

[live site](#) | [github](#)

Javascript-based project using the Launch Library API and d3 to detail upcoming rocket launches

- Used the Launch Library API to parse and display live information on announced rocket launches by private and government entities around the world
- Implemented d3 graphing that tracks launches by country and rocket family

Experience

Compliance Examiner | February 2015 - December 2019

[National Futures Association](#)

- Led interviews of firm key senior personnel to understand firm's compliance structure
- Completed seven large-scale investigations of member firms within prescribed deadlines
- Sought and identified gaps in compliance of member firm documentation
- Managed multiple new hires in investigations and conducted second-level review of others work

Compliance Assistant | March 2014 - February 2015

[Bangkok Bank](#)

- Standardized and maintained client data with corrections on over 2,000 data points in Excel software covering name, address, and banking information
- Conducted first-level investigation on an average of twenty high-risk clients on a monthly basis

Education

[App Academy](#) | Summer 2020 | New York, NY

Immersive software development course with focus on full stack web development

Baruch College | Spring 2013 | New York City, NY

Zicklin School of Business, BBA of Finance

Relevant Coursework: Business Statistics I, Econometrics, Object Oriented Programming I, Social Statistics
